

Kill Chain PBQ - Answer Key

#	Kill Chain Stage	Correct Finding
1	Reconnaissance	Phishing
2	Weaponization	Executable code
3	Delivery	Malicious link
4	Exploitation	Drive-by-download
5	Installation	Encryption
6	Command & Control	Internet host
7	Actions on Objectives	Ransomware

Scenario Summary: Ransomware delivered via phishing email containing a malicious link. User clicks link, malware installs, encrypts files, communicates with attacker infrastructure, and demands ransom payment.
